

Welders

Spotter 3460

4500A Multi Function Spotter

Key Features

- Supplied with 1.6m multi function gun and work return lead
- Single sided spot, welds rivets, screws, trim studs, washers and pins
- Dent pulling attachment
- Heat shrinking
- Rapid dent pulling using 3 point star directly
- Extremely versatile for use in car bodyshops
- Kit of accessories and consumables

Input Voltage (V)	230
Nominal Power at 50% (kVA)	5
Maximum Welding Power (kVA)	20
Short Circuit Secondary Current (kA)	4.5
Protection/Insulation Class	IP21
Weight (Kg)	28

Order Code: 3460

COBRA EVO

Key Features

- DC current welding stations featuring inverter technology
- USB port for upgrading and storage of welding data which can then be used on a PC
- Automatic proportional valve for managing the force at the electrodes
- New ergonomically designed trolley equipped with protected wheels providing greater stability
- Water cooled

	3650EVO	3655E2
Input Voltage 3 Phase (V)	400	400
Nominal Power at 50% Duty Cycle (kVA)	25	25
Fuse (Delayed Action) (A)	35	40
Compressed Air (Bar)	8	8
Maximum Secondary Current (kA)	9	12
No Load Secondary Voltage (V)	14	15
Weld Time (S)	0.01-2	0.01-2
Protection/Insulation Class	IP21	IP21
Weight (Kg)	150	150

Order Code: 3650EVO

Order Code: 3655E2
